

# Sunflower Oil

- **Lightweight, skin-loving moisture**

Sunflower oil is easily absorbed and helps hydrate the skin without feeling heavy or greasy, making it suitable for everyday use

- **Supports the skin's natural barrier**

Naturally rich in linoleic acid, sunflower oil helps strengthen the skin barrier, aiding in moisture retention and overall skin comfort

- **Rich in vitamin E**

Vitamin E acts as a natural antioxidant, helping protect the skin from everyday environmental stress while supporting healthy-looking skin

- **Gentle and non-comedogenic**

Sunflower oil is known to be lightweight and pore-friendly, making it a good option for sensitive or easily irritated skin types

- **Time-tested and thoughtfully chosen**

Long used in both traditional and modern skincare, sunflower oil offers dependable nourishment with minimal processing

**Simple, nourishing, and well-balanced, sunflower oil delivers moisture and barrier support the skin can rely on.**
